BRITISH MUSEUM

THE PREFACE.

THE Excellency of VIRGIL, *as a Poet, and as a chaſt and correct Writer, above the reſt of the* Roman *Claſſics, who have been obſerved to debauch the Morals of Youth by their looſe Sentiments and immodeſt Expreſſions; —— and the Difficulty of underſtanding him by the common Method of undigeſted Dictionaries, were the chief Reaſons for beſtowing more than ordinary Pains to render the Knowledge of this noble Author eaſy to Perſons barely ſkilled in the Rudiments of the* Latin *Tongue.*

The Liberties, that ſome Engliſh *Tranſlators have taken with him, upon the account of Rhyme or poetical Fancy; —— and the Defects of others, in miſinterpreting him, either for want of Skill in his Language, or a due Attention to his particular Meaning in ſome difficult Paſſages; — have made their Labours but of little Service to this End.*

Mr. Stirling *indeed has paved the Way for young Beginners, and ſuch Perſons, as have diſuſed the Study of this Language, to come at the Meaning of this great Poet (much better, than the* Interpretatio *for the Uſe of the* Dauphin, *and the explanatory Notes of other Editions, which often ſubſtitute Words of a more difficult and uncertain Senſe than thoſe in the Original) by throwing the Text into grammatical Conſtruction; —— by pointing out the moſt remarkable figurative Expreſſions; by a geographical and hiſtorical Index; and by annexing to his Edition of* Virgil *a full Collection of Phraſes, Periphraſes and proverbial Sentences by other Hands.*

This is a good Foundation for them to go upon; but without a Vocabulary, to diſtinguiſh the various Significations of Words, as uſed by the Poet, it cannot be expected, that they ſhould reach his Meaning. To carry on his great Deſign, —— to open an eaſier Way through the Difficulties of this Language, by reaſon of the various Signification of Words (eſpecially in the Poets) this CLAVIS VIRGILIANA *was compiled.*

What

The PREFACE.

What has been executed in it is partly mentioned in the Title. It was thought proper to resolve the Words grammatically, to avoid the Expence and Trouble of consulting Dictionaries. And as none of them have accurately enough distinguished the various Senses of Words; and young Beginners, left to themselves, chuse very improperly; therefore it was judged absolutely necessary to ascertain the several Ideas to each particular Word. And no Method can contribute more towards this, than to range them into several Classes, according to the Method observed in the Vocabulary. And to prevent the young Student from being guilty of a Mistake in his Choice of the Sense of any Word, to each Class are annex'd References to the several Passages, where the Word is so used.

Upon a Review of the Whole; —— *the great Use of this Vocabulary will appear; not only as it fixes all the particular Meanings of every Word, and clears up the obscure Passages in* Virgil; *but also, as it throws great Light upon the rest of the* Roman *Classics, who frequently make use of Words in the same Sense as the Poet does. And it will be found upon Examination, that very many Words are more properly render'd here, and branch themselves out into more Senses, than are to be met with in any Dictionary.*

1. P. Virgilii Maronis Opera: or the Works of Virgil: For the Uſe of Schools. In this Edition of Virgil, Care has been taken to make the Text as correct as poſſible. Obſcure Paſſages have been explained, and Words of an eaſy reſtrained Senſe have been ſubſtituted inſtead of thoſe of difficult and uncertain Signification. An Hiſtorical and Geographical Index, drawn from the Author, and the beſt Commentators upon him, follows the Text; in which thoſe Circumſtances and Actions only are mentioned which are to be met with in VIRGIL. Herein the Propriety of many Epithets, ſeemingly improper to the Subject, is pointed out, and the preſent Names of Places carefully remarked. To this is ſubjoined a Collection of Phraſes, Periphraſes, and Proverbial Expreſſions, whence great Light is thrown upon the moſt difficult Paſſages. By theſe Helps a Perſon, who has made but a ſmall Proficiency in the Knowledge of the *Latin* Tongue, may make himſelf Maſter of this Author without any foreign Aſſiſtance, 8vo. Price 6 s. bound.

All the Latin Nouns, Pronouns and Participles, are put in the Nominative Caſe; and all Verbs, in the firſt Word of their Themes, to be alter'd according to the Engliſh Sign. 5. The Latin Words follow the ſame Order of Conſtruction with the Engliſh, but are afterwards to be diſpoſed according to the Genius of that Language, and the Rules of the Elegance of placing them; taken from the Claſſicks, and collected by the beſt Grammarians.
